 Difficulty Rating : Easy  
 Language : English

#### **Tour Itinerary**

Leaving Athens after a short drive we come to a really nice spot for a cup of coffee or some refreshment in the town of Livadeia before we go on for the enchanting city of Volos known for its strong cultural activity and its renowned taverns with the strong grape spirit.

This morning we shall visit Mount Pilon, the place where the mythological half-men and half-horses Centaurs were supposed to live in antiquity, with its fascinating natural environment, its many picturesque villages as well as a variety of local traditions and trades of the past still surviving in our times. The small gauge train going through the mountain villages and the spectacular railway bridges are a sight that will offer everyone moments of great excitement and joy.

Around hundred kilometres from Volos one of the most spectacular geological phenomena is solemnly waiting looking at the visitors with its very old monasteries crowning their top.

Our evening will find us in the beautiful and charming town of Trikala with its picturesque river dividing it in two.

Leaving Trikala we head towards nearby lake Plastira area where we shall enjoy the view over some refreshment as our next stops Galaxidi and the important ancient centre of Oracles Delphi are the exciting core of the day.

Filled with fascinating information about Oracles and ancient traditions we are on our way to Arahova until recently a quiet, traditional village that due to its skiing centre turned into a lively, cosmopolitan weekend spot.

The last day of this tour that combined less visited areas that offer glimpses of authentic Greece avoiding the touristy clichés we shall visit the town of Lavrion to see the ancient silver mines that financed the 5<sup>th</sup> century B.C “Golden Era” of Athens.

Last but not least on the Athens Riviera the imposing Temple of the Sea God Poseidon at Sounion will offer a memorable sight along the other spectacular scene of this journey to Central Greece.
